

LEGACY
BUILDING SOLUTIONS

ELEVATE EVERY PLAY.

**INSPIRE EVERY
ATHLETE.**

When performance starts from the inside out, every detail matters.
Legacy's Champ Building Series – Lined & Insulated is engineered for consistent comfort, energy efficiency, and elite athletic performance.

BUILDING PERFORMANCE FROM THE INSIDE OUT

Legacy's Champ Building Series – Lined & Insulated sets a new benchmark for athletic facility design. These **next-generation, fully enclosed, engineered buildings with insulation and an interior wall liner system** combine architectural sophistication, structural innovation, and energy efficiency to create environments that perform as hard as your athletes do. Seamlessly integrated with existing campuses, each structure embodies **Legacy's commitment to excellence, durability, and inspired design.**

WHY LEGACY'S CHAMP BUILDINGS REDEFINE ATHLETIC EXCELLENCE

BRIGHTER. BETTER. BUILT FOR CHAMPIONS.

Our next-generation lined & insulated building design **creates a clean, high-performance interior ceiling and wall system optimizes light distribution and visibility**—providing a professional, comfortable environment for athletes, coaches, and spectators alike.

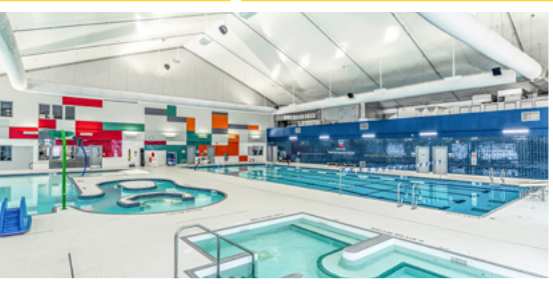

ARCHITECTURAL FREEDOM

Champ Building Series – Lined & Insulated offers unmatched versatility with **customizable exterior facades** and **traditional building geometry** that blend seamlessly with existing surroundings. Whether complementing established facilities or creating a signature destination, these structures deliver both **form and function**.

ENGINEERED ENERGY PERFORMANCE

Every building features a tight, high-performance liner & insulated envelope **for superior climate control and energy efficiency**. With HVAC-ready integration, advanced insulation systems, and Legacy's durable interior liner providing a clean, finished appearance while enhancing thermal performance, **these facilities maintain consistent comfort and significantly reduce operating costs year-round**.

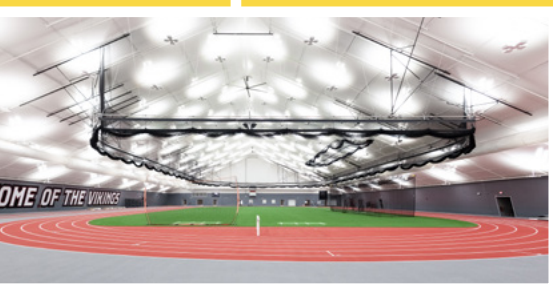

DURABILITY YOU CAN TRUST

Built with **Legacy's proven rigid steel frame system** and **rudded interior liner system**, the Champ Building Series – Lined & Insulated is engineered to endure. Resistant to **wind, snow, and temperature extremes**, each facility delivers **decades of strength, stability, and performance**.

OPTIMIZED FOR THE ATHLETE EXPERIENCE

- » **Column-free spans** for complete design flexibility
- » **Refined acoustics** with optional sound diffusion systems
- » **Shock-absorbing interiors** for athlete comfort and safety
- » **High peak clearances** for unrestricted training and gameplay
- » **Engineered hanging loads** for lighting, scoreboards, and retractable basketball hoops and netting

BEST FOR

YEAR-ROUND
TRAINING

CLIMATE-CONTROLLED
ENVIRONMENTS

MULTI-SPORT
VERSATILITY

WHY IT WORKS

- » **High-performance insulated structural system** minimizes air infiltration and heat loss, ensuring consistent interior comfort and superior energy efficiency
- » **Durable interior liner** enhances thermal control and provides a clean, finished appearance
- » **HVAC-ready design** supports consistent comfort and performance
- » **Reflective interior liner** maximizes natural and artificial light, creating an incredibly bright interior with minimal lighting fixtures
- » **Acoustic performance** supports clear communication and focus, enabling coaches to instruct multiple teams or sports simultaneously

KEY FEATURES

- » **Comprehensive insulation package** for consistent climate control
- » **Precision-sealed connections** ensure maximum efficiency
- » **HVAC-ready integration** for precise environmental management
- » **Custom exterior facades** to complement your campus aesthetic
- » **Low-maintenance materials** for long-term performance and value

DESIGN A FACILITY THAT MOVES WITH YOUR PROGRAM

From **multi-sport complexes** to **dedicated training centers** and **competition venues**, **Legacy's The Champ Building Series – Lined & Insulated** delivers **high-performance, climate-controlled environments** built around your goals. Every structure is **custom-engineered** to inspire, perform, and endure—because **champions deserve championship facilities**. Let's build your legacy together.
