### **Legacy Building Solutions Honored with Bechtel's 2025 Supply Chain Excellence Award**

**South Haven, MN — October 20, 2025** — Legacy Building Solutions, a leader in the design and construction of innovative fabric building systems, is proud to announce that the company has been selected as a recipient of **Bechtel Corporation's 2025 Supply Chain Excellence Award**.

This prestigious recognition celebrates Legacy Building Solutions' exceptional performance, reliability, and commitment in supporting Bechtel's global projects over the past year. The award highlights Legacy's consistent delivery of high-quality building solutions, collaborative project execution, and dedication to exceeding client expectations.

"Receiving Bechtel's Supply Chain Excellence Award is an incredible honor for our entire team," said **Dan Kumm, Chief Executive Officer of Legacy Building Solutions**. "This recognition reflects the hard work, expertise, and dedication of our people who continually strive to deliver exceptional value to our partners and clients. We are proud to play a role in advancing Bechtel's mission through innovation, reliability, and collaboration."

Bechtel's Supply Chain Excellence Award is presented annually to select suppliers and contractors who demonstrate outstanding performance across quality, safety, delivery, and customer satisfaction metrics. Legacy Building Solutions was chosen among Bechtel's global network of partners for its consistent excellence and strategic contributions to complex infrastructure and industrial projects.

Representatives from Legacy Building Solutions joined Bechtel executives and fellow award recipients at the **2025 Supply Chain Excellence Award Celebration** on **October 20, 2025**, at the Hyatt Regency in Reston, Virginia. The event included a networking session, enterprise business update, and a formal luncheon and award ceremony hosted by Bechtel's President and Chief Operating Officer, **Craig Albert**, and Chief Supply Chain Officer, **Tarek M. Amine**.

"This award underscores the strength of our partnerships and the shared values that drive success across the industry," added Kumm. "We look forward to continuing our collaboration
